Given that I began with AWT/Swing stuff a while ago, I've now continued that track of development. I wrote a bit about on the blog: <http://jamiga2.blogspot.se/2016/03/swing-it-magistern.html>

I also started a Trello to kepp track of what I'm doing. Mostly for my own use, but I think anyone who has a Trello accoutn can atleast comment. If you want to add stuff for me to do: just tell me, and I'll add it.
