(solved itself!) anyone got Twitter.com to work with Odyssey?

As the title says, has anyone been able to use Twitter with Odyssey?

If I try to do almost anything, Odyssey just seems to hang forever, as if it is waiting for twitter.com to respond. After which it fails to load ANY page on twitter.com, until I quit & restart Odyssey.

(What I really want to do is Authorize an App with Twitter, but if I can't even do basic stuff on Twitter.com then I don't stand a chance...)

edit: Twitter seems to work fine with Netsurf v3.6, so I'd like to know if it's just my installation of Odyssey which doesn't work...
