Thanks, guys. No, textures aren't gone on my purpose 😞 It's apparently simply what this mgl repo rev. produces. Looks like this was one which was totally broken 😞

Then let's go one binary-search step nearer to 2.20. I will prepare a new archive asap and tell you when done.

@kas1e

Can you please upload your OpenJK to my ftp? The version I got doesn't work at all.
