@Hans

Nope, bad english, let me rephrase that:

Could this be confirmed/checked in some other way/app/code example than residualvm, and then be fixed (in residualvm too)?

@Daniel

kas1e sent me here from the ogles2 thread, so i thought it might be the rught place...it obviously isn't

RadeonHD 7750

RadeonHD.chip 2.10 (03.05.2015)

I will try your suggestions, thank you
