Date: : 2019/8/20 22:09:11

URL:

Oops, you're right, just (re)read the guide and trying to use YT.rexx (not succesfully), will try/test it further.

THX

EDIT: works with YT.rexx 😊

URL prefs:

REXX:YT.rexx ".\*"<https://%s>" AUTOPLAY 1"

and using mplayer:

#version APPDIR:Mplayer13 full

MickJT-MPlayer 1.0.1 (30-12-2017)

1.3.0

#

My YT.cfg:

V2.0 /\* Please don't change the formatting \*/

Embed="0" /\* Request content as an embedded video by default? 0/1 \*/
