Every 3D accelerated apps/game give me distorted audio. AFAIK it was a A1XE problem.

No I don't think it's a hardware problem.

You might want to try setting locking mode to automatic for quake-games...

Please consider a native OS4 final version of Shogo... i bought it years ago to support Hyperion 😞
would like to play it finally 😊

The question is whether we can find the time, which right now seems rather questionable I'm afraid.
