Heretic II doesn't start here in my micro.. if i double click the icon a get no errors but the program doesn't start..

If i open a shell i get message " wizard.library " missing.. i copy it on my sys: partition and the gui appear.. i start the game but it doesn' t starts anyway..

So i don't understand what i am missing..

@Rogue

Please make a native port of your games.. it is sad that we cannot enjoy these games or we have to play them in software render.. 😞
