@Kicko

I need you for some testing for me. 😄

This is related to FAT problems with USB medias (I hope) 😊

Hehe,no. It's for CtorrentGUI. 😊

I'm using mu logitech wireless mouse and keyboard with a usb reciever No idea whats their names are. Doesn't say. But was in the sam package. And uses only one usb. And has worked nice since i got it. It also has a ps2 connection too. So used that on the SE i had. Now i don't use it. 😊
