It was ChrisH in this thread (ANT member and friend) who pointed out where to find the working certificate.

By golly, so it was! And the curiouser thing is, his fix is the one I tried and it didn't work then, but now does. I'm sure I had rebooted; maybe it had to be a complete machine reboot?

My daughter and grandsons live in Lewes, East Sussex. That's what made me wonder about Essex proper, although I should have noticed it when I visited them for three weeks in 1998.
