Will you in interest, to have os4 port of welknown ssh/rlogin/telnet client for all the oses - Putty ? If there will be more than 10-15 users who will be in interest, then i will create a bounty for that and will start to works on it. But for first i need to know: need it for you or not.

Yes, PuTTY would be useful to have. That's what I use when logging serial output from my Amigas.
