i did put the xdummy crashlog from yesterday here:

http://users.online.be/AD/Crashlog_xdummy_2017-01-30_21-43-06.txt

today i rechecked starting abiword with the .bat icon, first thing after booting

i got a crash this time on Esetroot

crashlog & snoopy log are here

[http://users.online.be/AD/Crashlog_Es ... t_2017-01-31_09-24-02.txt](http://users.online.be/AD/Crashlog_Es...t_2017-01-31_09-24-02.txt)
