- 1) Yes Warp3D Nova and OpenGL ES are integral components of the Enhancer Software platform and will continue to be. We have big plans for them to be a foundation of future software found within the Enhancer Software.
- 2) Yes there will be more Enhancer Software updates. We are finalising v1.4 now. Watch this space.
- 3) Sometimes the changes are too technical to put into detail into a change log for the end user.
