LiveForIt-MPlayer 6.5.7 does not work.

Seems to also be failing to detect the hardware capabilities correctly .

VO: [comp\_yuv2] Welcome man !.

gfx\_nodri = 0

VO: [comp\_yuv2] You need RadeonHD to use this video output.

Error opening/initializing the selected video\_out (-vo) device.

LiveForIt-MPlayer 6.4 cli output

VO: [comp\_yuv2] Welcome man !.
