@Raziel

I see dead birds. Could be a bug on my side but after first tests, of 150000 free'd allocations, there were about 300 allocations where the tail end was smashed. Have to investigate more, some day.

*** Birdwatch: good canaries 149822, bad canaries 340

The canary patch (fullpipe.cpp part) is here if you want to play: <http://capehill.kapsi.fi/scummvm/>
