### **Model**

RTL8111E

### **Specifications**

Controller Processor: Realtek RTL8111E

Data Rate(s) Supported: 10M,100M,1Gbps(1000 Mbps).

Single-Lane (x1) PCI-Express with transfer rate 2.5Gb/s Full Duplex channel

Compliant with PCI Express Revision 1.0a.

PCI Express x1 interface, compatible with PCI Express x1, x4, x8, x16 slots.

Supports Full Duplex flow control (IEEE 802.3x).

Fully compliant with IEEE802.3, 802.3ab, 802.3u, 802.3x, 802.1q, VLAN.

Supports IEEE 802.1P Layer 2 Priority Encoding

Plug and Play Support.

OS supported: designed for Windows 98SE, Windows ME, Windows 2000, XP, Vista, Windows 7 /8 / 10, Mac, Linux/Unix and others.

### **Package included:**

1 x PCIE Giga LAN Card

1 x Low Profile Bracket

1 x Driver CD
