Forked the original repo and fixed (?) a couple of compiler warnings and potential NULL pointer issue. I haven't really tested those changes, other than binary starts.

Check here if interested: <https://github.com/capehill/midi-seque ... 58639f1e034acb4f00f449063>

I will need to get a USB-MIDI connector, it would be nice to try this tool.

German makes this project extra hard :D
