@Samo

If font start to be better, then seems fresher freetype library can do something about, which in end can probably take a bit more ms for rendering.

@Raziel

Are you sure about needs to add more search engines by default, as users can add them too ?

And about "automatic completion suggestion" at top/right, yeah, some option to turn that crap off will be handy for sure :)

Do picture channels need to be swapped after all in the webp decoder engine?

As it was there, probably it have needs for, but need to check yep
