And kas1e I see once and again you say your not a programmer,  
maybe not before you try and fail, you should understand C  
or the logic of code by now, NO coder is perfect, Trial and Error builds confidense in anything.  
Like surfing, there is no perfect surfer where all learning! If you meet a surfer who's fully learned he's/she's lying.

I think you are super vitamin injection for the Amiga scene !
