Here is one example regarding manual opening of the asl.library: [https://github.com/capehill/MilkyTrack ...
iga/AslRequester.cpp#L110](https://github.com/capehill/MilkyTrack...iga/AslRequester.cpp#L110)

Jabirulo made one too.

I was fetching the latest ScummVM sources yesterday so I can try to assist, but I need your changes + new files.
