@broadblues

Hmm, thanks

I still have problems with this Notifications though.

1) Every time i use NOTIFY ans NOTIFYA instead of RINGHIO it doesn't seem to respect the Notification prefs setting.

Is there a prefs program i haven't found yet?

2) The dark blue to light blue looks amazing, where can i change the gradient/color?

3) The command seem to have changed, my scripts don't work as expected

edit:

- It seems as if "NOLOG" was dropped?
- "PERCENTAGE" was dropped too?
- It doesn't respect the font/fontsize
- It doesn't respect the placement
- It doesn't repect the

...

Thank you for the sound.datatype hints, that did it
