RC1 is online: [https://github.com/capehill/MilkyTrack ... es/tag/v1.03-rc1-amigaos4](https://github.com/capehill/MilkyTrack...es/tag/v1.03-rc1-amigaos4)

I created a ticket about paths for further development.

There is also one cosmetic issue regarding ASL requester: in fullscreen mode it looks bad. This is probably SDL2 screen mode -related.
