As you know position of linking libs is important.

I use this on link stage:

```
LIBS = -ISDL2_image -ltiff -lwebp -lpng -ljpeg -lz -lm -lvorbisfile -lvorbis -ISDL2 -lpthread
```

or this one:

```
LIBS = -athread=native -ISDL2_mixer -lmikmod -lmodplug -IFLAC -lsmpeg2 -lvorbisfile -lvorbis -logg -ISDL2
```
