Will the updated Warp3D Nova and OpenGL ES 2.0 libraries from Enhancer 2.0 improve the overall compatibility of GL4ES?

Yes, in ogles2 there were many bug fixes and features added which were done for making gl4es work better.

Will there be a new version of GL4ES?

Of course, I hope very soon release some big stuff together with it. But if you need it right now, I can just upload it for you last libgl4es.a
