In today days there no needs to know any language if you want to read articles in internet : google translate doing it well enough. I set auto-translate for all amiga sites such as : german ones: os4welt.de and amiga-news.de

polish ones: amigaone.pl, exec.pl & ppa.pl

french ones: amiga-ng.org

and i even forgot that they not in english originally :)

ps. And yep, Mufa wrote nice articles on amigaone.pl, he surely need to promote them more than just on polish site.
