The author found the new driver: [link](#)

That's how I think that tomorrow I will update my article in which I will write that a new version of driver appeared, which removed many problems.

Quote:

I didn't realise that people actually connect passive microphones to an amiga. I will add the microphone pre-amp selector to the mixer (0/10/20/30dB).

I will add mute as well.

Thanks a lot.
