I hear ya my friend and like you I'm not exactly happy with all the infighting and lawyering up between Amiga companies over the years but the way I see it is you have to do what you think is right and what you enjoy to do.

I know you did a lot of work to get the amigaos.net website up and running and donated to quite a few bounties that had lots of promise and preordered more than a few items that never showed up at your door.

In the end we're still here battle scarred and all when we could have just said F-it a vey long time ago eh 😊 |
say thanks to you..US
