The development of the next version of MediaVault is going well and I hope it will be released by the time AmiWest will happen. Today I finished a big part of the required work on Podcasts support.

You can have a look of that new feature in a preview video at  
<https://ko-fi.com/post/MediaVault-1-4-0-preview-I3I66EAUZ>

I would like once more to thank all these people who support me and help me get that goal done.
