I have to agree, at first getting the AmigaONE X1000 I thought I be more active in the Amiga community and on the forums more but actually its the opposite I had less time, because I'm just having fun on my new Amiga.

I had even less time recently with a lot happing in my "real" life so I still feel I'm only at the beginning of my journey with OS4. Still have'nt had time to install linux yet or try alot of other stuff on my Amiga. Such as life
