Woo-hoo! Perhaps we can expect an update of AmiPodder? I don't use it very often but it can be quite handy (if I could be bothered to keep up-to-date with Podcasts rather than dipping into them now and then, I'd use it a lot more)

Yes I shall ask him as I use it for Formula 1 podcasts.

No I haven't but love the RunInUAE update so can run a game in a window, I shall be playing a lot more, so far my highest score is about 720 million!
