any news about new version of MuiOWB ??

I send mail to Troels with asking about making and assign 2 more bountyes on me:

One about new version of muiowb (all the money will be split beetwen fab , thore, me and deniil). And another one about book about which i talk some months ago (money from which will be also splitted with anyone who help me before o will help with it). I send mail 2 days ago, but have no answer for now.

We think about making such a bounty (for muiowb), even 3-4 months ago, but as i have a lot of RL stuff to do, it was put on hold.

Thats all news currently.
