Thanks ddni.

Hey, what a dummy, me. I just now am paying attention to your avatar... That is **brilliant!** LOL!!!

And I **love** The Simpsons.

Know when I first heard of it? When I was watching The Tracey Ullman Show when it was still new episodes. I caught one episode, and didn't watch it any more. I didn't like it. However, later on (months later, probably), I was switching channels, and I caught the end of one of her skits and left it on the channel for some reason, and before the commercial came on they played a, maybe 40 second clip of "the Simpsons" and they were NOT "The Simpsons" at that time, in fact they didn't even have names, from what I found out later... They were using short segments just for filler to the commercial. That very first one I saw, I said "THAT SHOULD BE A SHOW!!!!!" It was really funny, and the way it was drawn combined perfectly.

I was "sold" just like that. If I had only had the money to invest!!!!!!!!!!!!!!

I was HIGHLY sceptical of Futurama, when I heard the premise. However, after the FIRST episode, I saw episode 1 when it originally started, I was **sold** on that too. Pure genius!!!
