Sorry of course i meant the branches not the main trunk .. i can't verify myself but according to the changelog ([http://www.hyperion-entertainment.biz ... ranches/updates-kc/README](http://www.hyperion-entertainment.biz...ranches/updates-kc/README)) the patch i mentioned doesn't seems to be included ... that's why i ask if you can commit it or atleast if you can verify if it was included or not 😞
