There will be only bugfixes in the next release, sorry. There are many things I would like to implement, but I don't have the time for it. And unfortunately the colour problem is very hard to solve..

But several updates/bugfixes of these packages are near completion:

- * Abiword (bugfix)
- * Gnumeric (bugfix)
- * EasyTAG 2.1.8 (update)
- * Homebank 4.6.3 (update)
- * ufw 0.22 (update)

Hope I will find some time to complete this soon.
